

Following an Outdoor Recreation review in October 2021, the following unit standards will either have a version change, be replaced with a new unit standard, or expire.

The versions listed below have a last date of assessment of 31 December 2023

Please ensure any assessment material is updated to the new version, premoderated and approved by Toi Mai – before use in assessment for 2024

- **Additional information in green represents a change to domain/title, level and/or credits for the new version (applicable from 1 January 2024)**
 - *If you already have CTA for the unit standard, regardless of change to domain, level or credits, you should automatically already have consent to assess for the new version. Please check with NZQA if there are any issues.*
- **All unit standards listed in red will expire on 31 December 2023 and will not be replaced, and must not be used for assessment after this date**
- **New unit standards** – if you don't have consent to assess for the full domain, you will need to apply for consent to assess for the new unit standard
